

Neutral Textured Pet Blanket

DESIGN 08 | PHOTO-MATCHED FREE PATTERN

Skill	Easy	Finished baseline	Baseline 50 x 70 cm; resize to the bed surface
Project	A washable flat blanket for a pet bed or sofa corner	Time	4-6 hours
Colour plan	Use cream, taupe and soft grey in 4-row blocks. Keep all yarns a similar thickness so the edges stay even.	Pattern	Original, photo-matched and adjustable

Materials

- 1. 650-750 g washable worsted yarn in cream, taupe and soft grey
- 2. 5.5 mm hook, blunt needle and scissors
- 3. Optional removable stitch marker. Avoid fringe and loose appliques

Gauge and abbreviations

Gauge: 13 sc x 14 rows = 10 x 10 cm after washing
Abbreviations: ch chain; sc single crochet; hdc half double crochet; BLO back loop only; sl st slip stitch

Measure first

MEASUREMENT FORMULA

Measure the pet bed surface, then add 2-5 cm on each side for a soft overhang. This is a space accessory, not clothing.

Baseline sample: For 50 x 70 cm, ch 66 for 65 stitches and work 98 rows. The blanket is shown on a sofa with neutral blocks and raised texture.

PET-FIRST SAFETY

The blanket is a safer alternative to a wearable for many pets, but it is not automatically chew-proof. No fringe, long loops or loose motifs.

Pattern status: This is an original photo-matched prototype. A photograph cannot reveal the exact yarn label, hidden seams or final fit. Swatch, wash, prototype and fit-test before publishing it as tested or leaving it on a pet.

Neutral Textured Pet Blanket - pattern instructions

Work in US crochet terms. Count the stitches at the end of each row or round, and adjust the final repeat to your measured size rather than forcing a tight fit.

Step	Instruction
Foundation	Ch 66. Row 1: sc in 2nd ch and across. (65 sc)
Rows 2-4	Ch 1, turn, sc across in cream.
Rows 5-8	Change to taupe. Ch 1, turn, hdc in BLO across.
Rows 9-12	Change to soft grey. Ch 1, turn, sc in BLO across.
Rows 13-96	Repeat the 12-row colour and texture sequence seven more times.
Rows 97-98	Change to cream and work 2 rows of sc across.
Border	Work 1 round of sc around all four sides, placing 3 sc in each corner. Join, fasten off and weave every tail deeply.

Finishing

Wash before use to check shrinkage and soften the texture. Flatten the corners while damp and inspect the border for loops.

Fit checkpoint

CHECK BEFORE USE

Lay the blanket flat in the pet's space. Remove it if the pet pulls fibres, chews a corner or catches a claw in the texture.

Care

Machine wash only if the yarn label allows it. Dry flat when possible and do not use fabric softener if it affects absorbency or grip.

Why this matches the photo

The supplied image shows a grey and white cat on a neutral striped textured blanket. The exact yarn and stitch cannot be known from the photograph, so this original 12-row texture route aims for the same calm layered look.
