

WOOF Toy-Basket Label

DESIGN 11 | PHOTO-MATCHED FREE PATTERN

Skill	Easy	Finished baseline	About 18 x 8 cm
Project	A flat crochet label sewn to the outside of a woven toy basket	Time	60-90 minutes
Colour plan	Dusty rose rectangle with cream WOOF lettering, matching the woven basket photograph.	Pattern	Original, photo-matched and adjustable

Materials

- 1. 25 g dusty rose yarn and 10 g cream yarn
- 2. 4.0 mm hook, blunt needle and scissors
- 3. A woven basket and a yarn needle for surface crochet or embroidery

Gauge and abbreviations

Gauge: 16 sc x 18 rows = 10 x 10 cm after washing
Abbreviations: ch chain; sc single crochet; sl st slip stitch; surface crochet; duplicate stitch

Measure first

MEASUREMENT FORMULA

Measure the flat basket panel and keep the label smaller than that panel. Sew it outside the basket, never where a pet can pull it into its mouth.

Baseline sample: Ch 30 for 29 sc and work 14 rows for a label near 18 x 8 cm.

PET-FIRST SAFETY

This is storage decor, not a toy. No loose tails, dangling lettering or detachable embellishments should remain within reach.

Pattern status: This is an original photo-matched prototype. A photograph cannot reveal the exact yarn label, hidden seams or final fit. Swatch, wash, prototype and fit-test before publishing it as tested or leaving it on a pet.

WOOF Toy-Basket Label - pattern instructions

Work in US crochet terms. Count the stitches at the end of each row or round, and adjust the final repeat to your measured size rather than forcing a tight fit.

Step	Instruction
Label	Ch 30. Row 1: sc in 2nd ch and across (29 sc). Rows 2-14: ch 1, turn, sc across.
Border	Work 1 round of sc around all four sides. Join and fasten off.
Letter grid	Use cream surface crochet or duplicate stitch on a 5 x 7 grid. W: 10001 / 10001 / 10101 / 10101 / 11011 / 11011 / 10001. O: 01110 / 10001 / 10001 / 10001 / 10001 / 10001 / 01110. F: 11111 / 10000 / 10000 / 11110 / 10000 / 10000 / 10000. Repeat O for the second O.
Attach	Sew around every edge of the label with small flat stitches. Knot on the basket side and bury the tail between basket fibres.

Finishing

Press the label flat and check the lettering for loose loops. The label should not sag or create a loop a paw can catch.

Fit checkpoint

CHECK BEFORE USE

Keep the label on the outside of a sturdy basket. If the pet chews the basket or label, remove it immediately.

Care

Spot clean or hand wash the label, dry flat and inspect the attachment stitches.

Why this matches the photo

The supplied photo shows a dusty-rose WOOF panel stitched onto a woven basket beside a dog. A flat rectangle and simple grid lettering reproduce the visible sign without requiring a printed transfer.
