

Golden Star Ornament

Pattern reading notes • Version 1.0 • September 29, 2026

Where the star instructions finish

Follow the star center, five points and hanging loop on original page 2. Original page 3 gives optional finishing ideas. Original page 4 refers to edging a tree and is unrelated to this star; skip that page for this project.

Count before forming points

The center has ten stitches, including the starting chain counted as a double crochet. Each point advances over two center stitches: skip one and anchor into the next. Five repeats use all ten center stitches.

Finishing

Use the yarn label to choose a suitable blocking method. If using stiffener, follow its label and dry completely. Small added beads or buttons and hanging loops should stay out of reach of pets and young children.

These are PetsCrochet editorial reading notes. The complete supplied pattern follows. No physical crochet sample or wash test was completed for this package.

BEGINNER-FRIENDLY CROCHET
CHRISTMAS STAR ORNAMENT

Beginner Crochet Pattern – Christmas Star (One Color)

Materials:

- Worsted weight yarn (green or color of your choice)
- Size H/5 mm crochet hook
- Scissors and yarn needle

Abbreviations (US terms):

- ch = chain
- sc = single crochet
- sl st = slip stitch

Step-by-Step Crochet Instructions

1. Magic Ring: Start with a magic ring (or chain 4 and join to form a loop).

2. Round 1: Chain 2 (counts as first double crochet). Work 9 double crochets (dc) into the ring. Join with a slip stitch (sl st) to the top of the first dc. (10 stitches total)

3. Round 2 – Form the Star Points: Each point will be made as follows:

- Chain 4.
- Slip stitch into 2nd chain from hook.
- Single crochet (sc) in next chain.
- Half double crochet (hdc) in last chain.
- Skip 1 stitch, then sl st into the next stitch on the round to anchor the point.

Repeat this pattern 5 times around the circle. You'll form 5 points.

4. Finishing: After the last point, sl st to the back of the first point's base. Chain 8 for a hanging loop, then sl st back into the same spot. Fasten off and weave in ends.

Optional Touches

- Add a bead or button in the center.
- Lightly block the star to make points crisp.
- Use metallic or sparkle yarn for a festive look.

✨ Add the Border Edging

You'll need: cream or white yarn

1. Join yarn to the bottom corner of your tree with a slip stitch.
2. Chain 1, then single crochet (sc) evenly around the entire tree shape, working 2 sc in each corner for smooth turns.
3. When you reach the starting point, sl st to join and fasten off.
4. Optional: For a more decorative look, work a reverse single crochet (crab stitch) around for a rope-like edge.

🎁 Finishing Touches

- Weave in all yarn ends with a tapestry needle.
- Lightly block the finished tree flat.
- Optional: Add a loop at the top for hanging or attach small beads as ornaments.
