

Angel Cat Keepsake

A white Angel cat has pastel details, wings and a raised halo.

Version 1.0 | October 2, 2026 | Reading companion with every supplied pattern page. No physical crochet sample, wash test or child/pet-use test was completed. Proposed repairs are untested editorial interpretations, not designer-approved errata.

Starting specifications

Chunky chenille; 6 mm hook; 4 mm for the heart; wire halo support. Listed at 25 cm, about 9.8 inches. Crochet; wings, halo and decoration. See the original supply list for component colors and amounts.

Construction and counts

Main body/head increases 10/20/30/40/50 with multicolored bobble paws and closes 40/30/20/10. Wings, heart and halo are separate. The halo starts with a 12-chain ring, works 12/18/24, holds 24 and narrows to 18/12; fill and close the inner edge as shown. Follow the original wing rows; confirm their short-row shape with a sample.

Display support and size

The raised halo uses a wire support. Fully enclose and secure its ends and keep the completed piece out of pets' reach. This wire-supported version is a display keepsake. Nominal size 25 cm is about 9.84 inches, not 0.984 inches. Main hook 6 mm, heart hook 4 mm. Sprinkled or plain halo finishes are options within one pattern, not separate downloads.

Measure, finish and check

Gauge and resizing

Where no gauge is supplied, make a six-round circle of 36 sc using the selected yarn/hook and record its diameter without stretching. Fabric should contain the intended filling without visible gaps. For a yarn/hook change, measure matching test circles: $\text{new diameter} / \text{original diameter} = \text{approximate scale factor}$. Multiply listed dimensions by that ratio only as an estimate; stuffed shapes and clothes need a physical fit check. Keep the stitch schedule unchanged until a prototype establishes a different size. No yarn requirement, finished dimension or garment fit is verified by this formula.

Terminology and making checks

US terms unless the supplied page explicitly says otherwise. MR: magic ring; ch: chain; sc: single crochet; inc: two sc in one stitch; dec: join two stitches as one; sl st: slip stitch; hdc: half double crochet; dc: double crochet; tr: treble; BLO/FLO: back/front loop only; FO: fasten off. A body bobble counts as one position. For a proposed five-dc bobble, work five unfinished dc in one base and close all loops together; confirm the intended size against the source. Mark round starts, check consumed and resulting positions, make paired parts together and pin before sewing. Do not work an unresolved count as if it had been verified.

Materials, filling and care

Use the item-specific yarn/hook list on the preceding page and complete original materials list below. Include stitch marker, tapestry needle, scissors and the source filling/attachment materials. Ball sizes and planning allowances are not measured consumption. Fill gradually without distorting seams. Inspect closures, sewn parts, embroidered ends and sitting balance. Follow every actual yarn, filling and accessory care label; assembled washability has not been tested. Spot-clean only when the materials allow it, dry fully and inspect afterward.

Intended use and troubleshooting

These are cat-themed amigurumi/display crafts for people, not pet chew toys or certified baby toys. Keep wire, felt, plastic parts, loose strands and unfinished tools away from pets. If the shape buckles or paired parts differ, recount and compare the same round before adding filling. If a row cannot consume the available stitches, pause and resolve that row; the reference photo does not prove a corrected schedule. Record changes on the editable text so later paired parts use the same interpretation.

HALO

I decided to make a fun halo that looks like a donut, but if you prefer a more classic one, make it entirely in yellow and don't add the sprinkle embroidery.

BEIGE YARN

Round 1: 12ch and join to form a ring (12)

Round 2: 12sc (12)

Round 3: [sc, inc] x6 (18)

Round 4: [2sc, inc] x6 (24)

Round 5-6: 24sc (24)

YELLOW YARN

Round 7-8: 24sc (24)

Round 9: [2sc, dec] x6 (18)

Round 10: [sc, dec] x6 (12)

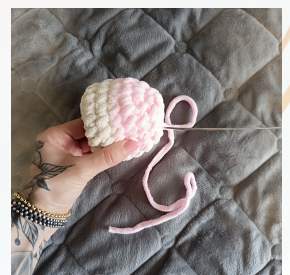

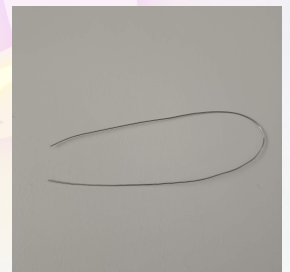

Close with sl st and leave a long tail for sewing

Take the wire and bend it into a U shape as you see in the photo.

Insert it inside the donut, passing through the opening in the yellow part and coming out on the other side. Before doing that, turn the donut inside out so you can bring it out through the stitches (as shown in the photo). Pull the wire until it's completely inside, fill with stuffing, and then sew on the inside to close the two ends. Sew using a needle. [VIDEO TUTORIAL CLICK HERE](#)

Take a length of yarn in different colors (green, purple, pink) and embroider the sprinkles as if it were a donut as shown in the photo.
