Angel Dog Keepsake

Angel Dog has pastel details, white wings, a doughnut halo and keepsake lettering.

Version 1.0 | October 3, 2026 | Prototype-ready reading draft. No physical crochet sample, wash test or child/pet-use test was completed. Proposed corrections are editorial interpretations, not confirmed errata.

Starting specifications

Chunky chenille; 6 mm main hook; 4 mm hook for the heart; wire halo support. Listed at about 30 cm. Bobbles, shaped wings and decorative assembly. Consult the complete supply list and color plan in the pattern pages.

Main dog and halo

Main body grows 8/16/24/32/40/48/50; keep 50 through colored paw bobbles, then close 40/30/20/10. The final line is mislabeled round 23 after round 24; read it as round 25, ten decreases producing 10. Ears grow 6/9/12/15 and stay 15; five decreases plus five increases consume 15 and produce 15 in ear round 8. Tail grows 4/6/8/10/12. Halo tube: joined ch 12, then 12/18/24, hold 24, narrow 18/12 and join its two edges.

Wings and support review

Wing rows use stepped turns, unworked stitches and chain extensions. The second row consumes 19 positions and produces 23, matching the preceding row of 19, but the subsequent ch-3/skip-chain wording leaves the exact turning-chain treatment unclear. Do not invent a verified wing total from the image; sample both mirrored wings with the same interpretation and compare the reference. The halo uses 60 cm of wire. Fully contain the ends and check for movement or protrusion. Glue lettering and small attached components are decorative finishing. Display out of pets' reach; no assembled-toy or wire safety test was performed.

Measure, finish and check

Gauge and dimensions

No verified PetsCrochet gauge is available. Where no gauge is stated, make a six-round sc circle ending at 36 stitches, measure its diameter without stretching and record yarn/hook. Check filled fabric for gaps; flat appliqués should lie flat without pulling. Measure stuffed height head-to-base, plus width/depth and widest circumference; record whether ears/halo are included. For patches, measure maximum width and height flat, without stretching. Source dimensions are estimates, not measurements of a new sample.

Resizing method

For a yarn/hook change, make matching test circles: new circle diameter divided by original circle diameter is an approximate scale ratio. Multiply known dimensions by this ratio as an estimate only. Keep the written stitch schedule until a physical prototype supports a changed schedule. Clothes and backings must fit the actual dog/motif; do not scale a wire frame, spring, eye size or garment fastening blindly. No yardage or fit is verified by this ratio.

Terms and supply checks

MR: magic ring; ch: chain; sc: US single crochet; inc: two sc in one base; dec/sc2tog: two sc joined into one; sl st/ss: slip stitch; hdc: half double crochet; dc: double crochet; tr: treble; dtr: double treble; FLO/BLO: front/back loop only; FO: fasten off. Ranges include both endpoints. Mark the first stitch, count base positions consumed and resulting stitches, and make pairs together. Yarn package size is not measured project use. Keep stitch marker, needle and scissors ready; use filling and components only where the chosen pattern calls for them.

Finish, care and intended use

Pin parts before sewing, test seated/standing balance without forcing it and inspect all seams and attachments. These are dog-themed display crafts for people, not pet chew toys or certified baby toys. Keep wire, spring parts, hard eyes, felt, hair strands and craft tools out of pets’ reach. Follow actual yarn/filling/component care labels; assembled washability is untested. Clean gently only when the materials allow it, dry fully and inspect again. If a round cannot consume its available stitches, pause and clarify or sample the proposed interpretation. Record changes so the paired part follows the same plan.

HALO

I decided to make a fun halo that looks like a donut, but if you prefer a more classic one, make it entirely in yellow and don't add the sprinkle embroidery.

BEIGE YARN
Round 1: 12ch and join to form a ring (12)
Round 2: 12sc (12)
Round 3: [sc, inc] x6 (18)
Round 4: [2sc, inc] x6 (24)
Round 5-6: 24sc (24)
PINK YARN
Round 7-8: 24sc (24)
Round 9: [2sc, dec] x6 (18)
Round 10: [sc, dec] x6 (12)
Close with sl st and leave a long tail for sewing

Take the wire and bend it into a U shape as you see in the photo.
Insert it inside the donut, passing through the opening in the pink part and coming out on the other side. Before doing that, turn the donut inside out so you can bring it out through the stitches (as shown in the photo).Pull the wire until it's completely inside, fill with stuffing, and then sew on the inside to close the two ends.Sew using a needle.**VIDEO TUTORIAL CLICK HERE**
Take a length of yarn in different colors (light blue, purple, yellow) and embroider the sprinkles as if it were a donut as shown in the photo.

Let the wire go all the way down inside the amigurumi so that the stuffing you add will hold it in place and keep it from moving.
