

Cat in Fluffy Overalls

A dark crochet cat in fluffy overalls rests in a basket.

Version 1.0 | October 2, 2026 | Reading companion with every supplied pattern page. No physical crochet sample, wash test or child/pet-use test was completed. Proposed repairs are untested editorial interpretations, not designer-approved errata.

Starting specifications

YarnArt Jeans; 1.75 or 2 mm hook; separate overall yarn. About 23 cm excluding ears. Crochet; assembly and clothing. See the original supply list for component colors and amounts.

Materials and construction

Source lists YarnArt Jeans at 50 g/160 m, one main-color skein as a purchasing allowance, 1.75/2 mm hooks and nominal 23 cm excluding ears. Fluffy overalls can use about a quarter unit of the listed fur yarn or half a Jeans unit; these are source estimates. Make head, body, limbs, ears and tail, then muzzle, overalls and optional headband. Preserve shift-stitch/marker instructions so features stay centered.

Notation and repeated pages

Upper-arm round 3 wording likely means (sc, inc) six times after 12 to produce 18. Muzzle round 2 wording likely means six increases to produce 12. These are proposed count-consistent readings. In overalls, 2 hdc means two hdc in the same base position where an increase is required. Repeated clothing instructions on pages 20-25 are duplicated content, not instructions to make extra rows. A headband reference to a dog head is template wording; size it on this cat.

Finishing method

Do not adopt the source method of heating plastic-eye posts with a lighter as a safety procedure. Fit components according to their manufacturer instructions; no heat treatment or assembled-toy safety was tested. Brushing or warming fur can change the fibers; follow the actual yarn care instructions. Pin overalls and headband for fit, then secure small attachments for display.

Measure, finish and check

Gauge and resizing

Where no gauge is supplied, make a six-round circle of 36 sc using the selected yarn/hook and record its diameter without stretching. Fabric should contain the intended filling without visible gaps. For a yarn/hook change, measure matching test circles: $\text{new diameter} / \text{original diameter} = \text{approximate scale factor}$. Multiply listed dimensions by that ratio only as an estimate; stuffed shapes and clothes need a physical fit check. Keep the stitch schedule unchanged until a prototype establishes a different size. No yarn requirement, finished dimension or garment fit is verified by this formula.

Terminology and making checks

US terms unless the supplied page explicitly says otherwise. MR: magic ring; ch: chain; sc: single crochet; inc: two sc in one stitch; dec: join two stitches as one; sl st: slip stitch; hdc: half double crochet; dc: double crochet; tr: treble; BLO/FLO: back/front loop only; FO: fasten off. A body bobble counts as one position. For a proposed five-dc bobble, work five unfinished dc in one base and close all loops together; confirm the intended size against the source. Mark round starts, check consumed and resulting positions, make paired parts together and pin before sewing. Do not work an unresolved count as if it had been verified.

Materials, filling and care

Use the item-specific yarn/hook list on the preceding page and complete original materials list below. Include stitch marker, tapestry needle, scissors and the source filling/attachment materials. Ball sizes and planning allowances are not measured consumption. Fill gradually without distorting seams. Inspect closures, sewn parts, embroidered ends and sitting balance. Follow every actual yarn, filling and accessory care label; assembled washability has not been tested. Spot-clean only when the materials allow it, dry fully and inspect afterward.

Intended use and troubleshooting

These are cat-themed amigurumi/display crafts for people, not pet chew toys or certified baby toys. Keep wire, felt, plastic parts, loose strands and unfinished tools away from pets. If the shape buckles or paired parts differ, recount and compare the same round before adding filling. If a row cannot consume the available stitches, pause and resolve that row; the reference photo does not prove a corrected schedule. Record changes on the editable text so later paired parts use the same interpretation.

Complete supplied pattern begins on the next page.

Legend:

- 1. ring - amigurumi ring
- 2. ch - air loop
- 3. inc – increase (knit 2 sc in 1 loop)
- 4. dec – decrease (knit 2 sbn for the front half loops together)
- 5. sc – single crochet
- 6. ss – connecting post
- 7. hdc - semi double crochet
- 8. dc - double crochet

Necessary materials:

- For a cat YARN ART Jeans (55% cotton/45% acrylic; 50 g/160m)-(1 skein)
- For overalls yarn: Knit Fashion “mink fluff” blue label will take 1/4 skein
But the same jeans will do (half a skein) • To decorate the face and paws you will need some yarn: YARN ART Jeans 74 shade
- Eyelets on safety mount: 12 mm
- Holofiber or synthetic fluff
- Hook: 2 mm or 1.75 (based on your knitting density) • 6 Black thin thread for embroidering eyebrows and eye decoration • Knitting marker or contrasting thread
- Tailor's needles
- Scissors
- Eye tightening needle
- Lighter (for sealing eyes)
- 2 buttons 9 mm

Shades:

- Main body color: YARN ART Jeans 05
- Additional: YARN ART Jeans 03 (muzzle, paws, tips of ears)

these details will take just a little yarn

- Spout: 74 shade Yarn Art Jeans
- Whites of the eyes: 62 74 shade Yarn Art Jeans
- Jumpsuit: M43 mink down
- Bow : YARN ART Jeans (shade 20)

You can choose absolutely any colors to create your own toy.

Notes:

- All details are knitted in a spiral;
- You don't need to stuff the head very tightly, this will interfere with tightening the muzzle, the thread will break and the fabric will stretch;
- We make a color change in the last stitch of the row;
- Select a hook to suit your knitting density;
- The finished size of the toy is 23 cm, excluding the ears, with your knitting density and your method, the toy may differ in size from mine (I knit tightly using the cross-stitch method);
- For additional safety, I seal the eyes with a lighter. When I have already inserted the eye and secured it with a plug, I heat the end from the inside of the head with a lighter and press it with scissors;
- I recommend knitting paired parts at the same time so that they turn out identical;
- We knit overalls from mink fluff with the same crochet as the toy itself. Once tied, blow with warm air from a hair dryer. The overalls will fluff up;

Happy knitting!

Head

We knit in shade #05

1st row: 6 sc in ring (6)

2nd row: 6 inc (12)

3rd row: (1 sc, inc) * 6 (18)

4th row: 1 sc, inc, (2 sc, inc) * 5, 1sc (24)

Row 5: (3 sc, inc) * 6 (30)

6th row: 2sc, inc (4 sc, inc) * 5, 2 sc (36)

Row 7: (5 sc, inc) * 6 (42)

8 row: 3 sc, inc (6 sc, inc) * 5, 3 sc (48)

9th row: 48 sc

Row 10: (7 sc, inc)* 6 (54)
11-15 row: 54 sc (5 rows)
16th row: 4 sc, inc (8 sc, inc) * 5, 4 sc (60)
17th row: 60 sc
Row 18: (9 sc, inc) * 6 (66)
19 - 23 row: 66 sc (5 rows)
We insert the eyes between 16 and 17
in rows. So that between the eyes there is
9 sc
24 row: (9 sc, dec) * 6 (60)
25th row: 4 sc, dec (8 sc, dec) * 5, 4 sc (54)
Row 26: (7 sc, dec) * 6 (48)
27th row: 3 sc, dec (6 sc, dec) * 5, 3 sc (42)
28th row: 21 dec (21)
Leave a long end for sewing the head to the body. Very dense padding is not needed.

Body

We knit in shade #05
1st row: 6 in ring
2nd row: 6inc (12)
3rd row: (1 sc, inc)*6 (18)
4th row: 1 sc, inc (2 sc, inc) * 5, 1 sc (24)
Row 5: (3 sc, inc) * 6 (30)
6th row: 2sc, inc (4 sc, inc)*5, 2sc (36)
Row 7: (5 sc, inc)*6 (42)
8th row: 3 sc, inc (6 sc, inc) * 5, 3 sc (48)
Row 9: (7 sc, inc)*6 (54)
10th row: 4 sc, inc (8 sc, inc) * 5, 4 sc (60)
11-15 row: 60 sc (5 rows)
16th row: 4 sc, dec (8 sc, dec) * 5, 4 sc (54)
17-18 row: 54 sc (2 rows)
Row 19: (7 sc, dec)*6 (48)
20-21 row: 48sc (2 rows)
22nd row: 3 sc, dec (6 sc, dec) * 5, 3 sc (42)
23 -24 row: 42 sc (2 rows)
Row 25: (5 sc, dec)* 6 (36)
26-27 row: 36 sc (2 rows)
28 row: 2 sc, dec (4 sc, dec) * 5, 2 sc (30)
29-30 row: 30 sc (2 rows)
Row 31: (3 sc, dec)*6 (24)
Row 32: 24 sc
Row 33: (6 sc, dec)*3 (21)

There is no need to leave a long thread; we sew the parts together with the thread remaining from the head. Pay attention to the neck. Add filler during the sewing process.

Lower legs (2 parts)

We start with shade #03

1st row: 6 in ring

2nd row: 6 inc (12)

3rd row: (1sc, inc)*6 (18)

4th row: (2 sc, inc)*6 (24)

5-8 row: (24) sc (4 rows) when knitting the last loop, change color to #05

Row 9: 7sc, (1sc, dec)*3, 8sc (21)

10-11 row: 21 sc (2 rows)

12 row: 3 inc, 6 sc, 3 dec, 6 sc (21)

13-14 row: 21 sc (2 rows)

15 row: 3 dec, 15 sc (18)

Row 16: dec, 16 sc (17)

17-24 row: 17 sc (8 rows)

Knit 3 more offset stitches, the leg should look straight when sewing it to the body.

Stuff the paws tightly until the 21st row, paying special attention to the heel.

You may have a different number of loops, but you need to knit just enough so that the foot folds in half.

And we will knit 8 sc for both walls, leaving the thread for sewing to the body.

Upper legs (2 parts)

We start with shade #3

1st row: 6 in ring

2nd row: 6 inc (12)

3rd row: 1 sc, inc *6 (18)

4th row: (8 sc, inc)*2 (20)

5th row: 20 sc

6th row: 8 sc, 2 dec, 8 sc (18)

7-8 row: 18 sc (2 row) on the last stitch of the 8th row, change the color to the main shade #5

9 row: 4 sc, dec, 6 sc, dec, 4 sc (16)

10-17 row: 16 sc (8 rows)

Row 18: (2 sc, dec)* 4 (12)

Row 19: 12 sc

Fill the paws only up to row 9-10 (not tightly)

Knit 3 offset loops and knit 5 sc on both walls, leaving a long end for sewing to the body.

Ears (2 parts)

We start with shade #03

1st row: 6sc in ring

Row 2: (1sc, inc)*3 (9) change on the last stitch to main color #5

3rd row: (2sc, inc)*3 (12)

4th row: (5sc, inc)*2 (14)

5th row: (6sc, inc)*2 (16)

6th row: (7sc, inc)*2 (18)

Row 7: (8sc, inc)*2 (20)

8 row: 20 sc

Fold the eyelet in half and knit 9-10 sc on both walls

No need to stuff.

Leave the long end for sewing.

Tail

We start with light shade #03

1st row: 6 sc in ring

2nd row: 6inc (12)

3rd row: 12 sc

4th row: (1sc, inc)*6 (18)

5-9 row: 18 sc (5 rows) at the end of the 9th row, change color to main #05

Row 10: 18 sc

11th row: (7sc, dec)*2 (16)

12-17 row: 16 sc (6 rows)

Row 18: (6 sc, dec) *2 (14)

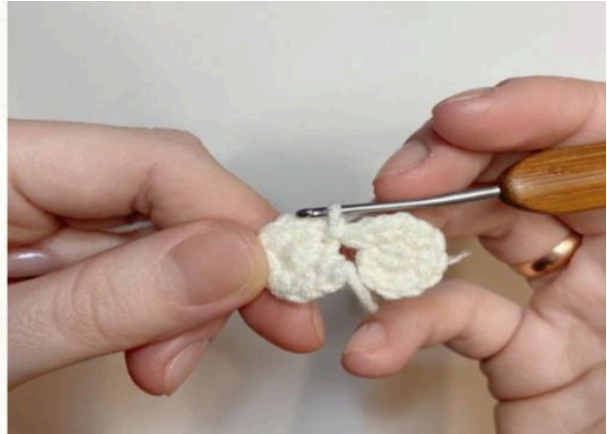

19-22: 14 sc (4 rows)

23rd row: (5 sc, dec)*2 (12)

24-26 row: 12 sc (3 rows)

Fold it in half and knit 5-6 sc on both walls; the tail can be filled, but just a little - a little at the very beginning.

We sew the tail at the same level with the paws between 12-13 rows

Muzzle

We knit two parts in shade #03. No need to stuff the muzzle

1st row: 6 sc in ring

2nd row: 6 inc *6 (12)

(we cut off the thread on one part)

Let's move on to connecting the parts

3rd row: ss, we knit 12 sc in detail, we knit ss in the 12th loop of the first detail, 11 sc in the second detail.

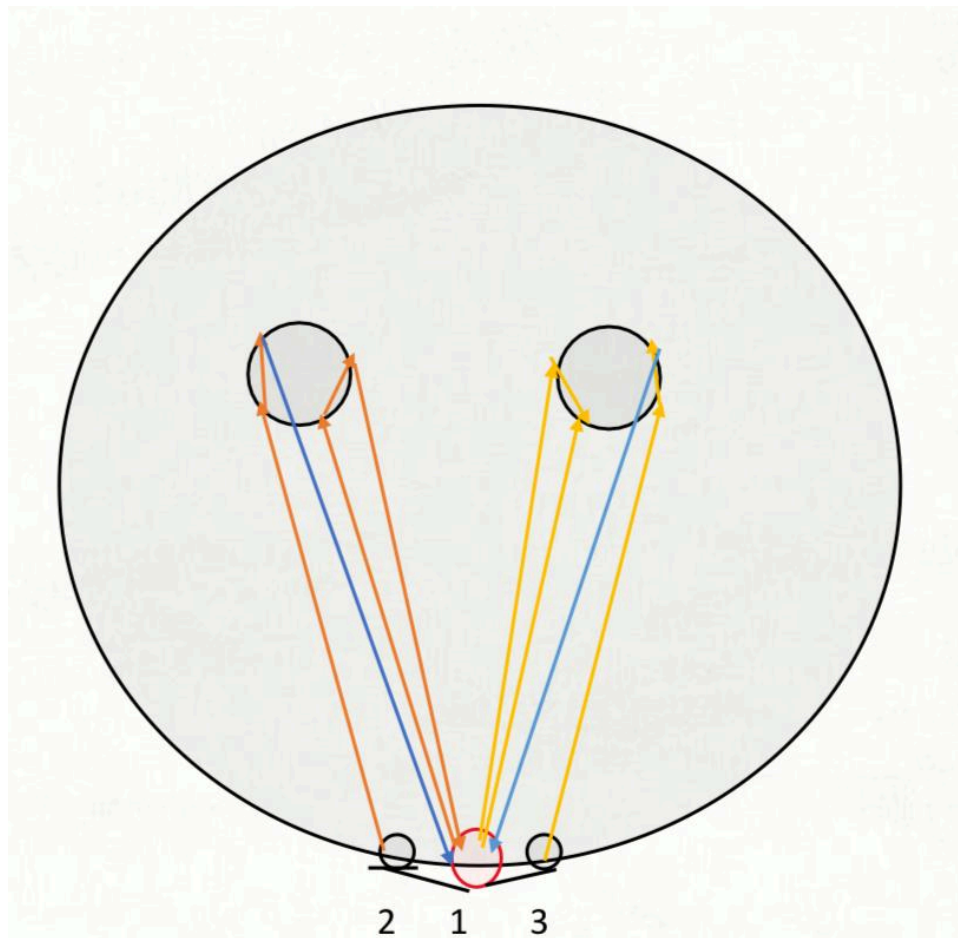

Where we finished knitting, the bottom of the part.

Eye tightening

(You can use my "two-thread" tightening method, or you can use any other method that is familiar to you)

To tighten, I used a long needle and two pieces of thread from which the toy was knitted.

we have three dots at the bottom of the head
 point (1) central
 point (2) to the left eye
 point (3) to the right eye

We first tighten the first eye. We mark the middle (between the head and the body) and insert the needle there (1)

We draw from the side of the eye, from below, insert from the upper side of the eye and return to the original point (1)

We move to the loop to the left of the central one (2), and do it from the other side, as on the previous one, we also return to the main loop (1)

We do the same with the second eye.

We start from the central loop (1), insert first along the first side of the eye and return to the central one (1),

move to the loop to the right (3), insert the thread from the other side and also return to the central one (1)

We have two threads on both sides, we tighten each eye, adjusting with each thread.
There is no need to tighten too much.
Make knots and hide all the threads in the head.

Sew on the muzzle

We sew on the muzzle only after tightening it.

There is no need to stuff the face.

Before sewing on the muzzle, straighten/stretch it a little with your hands.

Jumper Neat seam

ae

We embroider the nose above the muzzle at a distance of three loops. The nose occupies 2 rows.

17-18 row

Embroidering the whites of the eyes

We embroider the eyebrows in the 12th row.

The eyebrow occupies 2 columns.

It is located exactly above the eye.

We embroider the eyelashes with the same thread. (you can stratify the Jeans yarn into 4 threads, and use one for embroidery)

I embroider the antennae with regular thin sewing thread, dark brown or black.

We sew the ears at a distance between 5-6 rows and 11-12 rows.

The ears go in a semicircle, we sew the back part of the ear, stepping back 3 loops, I advise you to fix everything with tailor's needles.

Sew the ears onto the back half-loop
Sew on the upper legs, stepping back 1 row from heads.

Sew the lower legs between rows 12 and 13.
Mark the middle on the body and count 9-10 loops from it in each direction.
The upper legs should be located directly under the lower ones.

To prevent the legs from puffing up in different directions after sewing, I recommend going down two rows from sewing the leg to the body, grabbing one loop from the leg and sewing it to the body.

Do this on both sides on both legs, thereby the leg will fit closer to the body.

Overalls

At the end of each row we make a ch, knit in turning rows

1st row: cast on a chain of 34 ch + 1 ch rise

2nd row: sc in each loop (34) ch rise

3rd row: 4 hdc, 2 hdc, 5 hdc, 2 hdc, 8 hdc, 2 hdc, 5 hdc, 2 hdc, 4 hdc (42) ch rise

4th row: 5 hdc, 2 hdc, 7 hdc, 2 hdc, 10 hdc, 2 hdc, 7 hdc, 2 hdc, 5 hdc (50) ch, rise

5th row: 6 hdc, inc, 11 hdc, inc, 12 hdc, inc, 11 hdc, inc, 6 hdc (54) ch rise

6th row: 7 hdc, inc, 6 ch, skip 11 hdc of the previous row, inc, 14 hdc, inc, 6 ch, skip 11 hdc of the previous row, inc, 7 hdc (48) ch rise

7th row: 8 hdc, inc, 6 hdc, inc, 16 hdc, inc, 6 hdc, inc, 8 hdc (52) ch rise

8th row: 9 hdc, inc, 6 hdc, inc, 18 hdc, inc, 6 hdc, inc, 9 hdc (56) ch rise

9th row: 10 hdc, inc, 6 hdc, inc, 20 hdc, inc, 6 hdc, inc, 10 hdc (60) ch rise

10-15 row: 60 hdc (6 rows)

At the end of the 15th row, connect the knitting in a circle using a ss and knit the next rows in a circle, at the end of each row of VP rise and also knit in turning rows

16-18 row: 60 hdc, ss, ch (3 rows)

Row 19: In this row there is a tail, if you don't have enough to the tail or, on the contrary, there is already an extra row, knit a few more rows and make a hole for the tail. We knit: 27 hdc, ch 6 (skip 6 hdc of the previous row) 27 hdc, ss, ch

20 - 25 row: 60 hdc, ss, ch

20 - 25 row: 60 hdc, ss, ch (6 rows)

The length should be such that the two parts touch in front and behind between the legs. If yours is shorter/longer, knit more/fewer rows.

Next, we divide the knitting in this way: 23 hdc for each leg, leaving 7 hdc between the legs on both sides for stitching

Pants legs

We attach a thread for the first leg and knit 23 hdc, ss, ch (Ss and ch) at the end of each row.

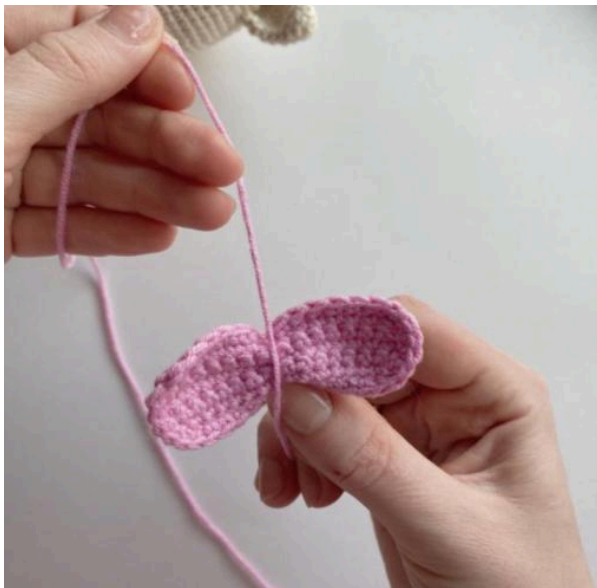

1-3 row: 23 hdc, ss, ch (3 rows)

4th row: 23 sc, ss

Cut the thread, fasten it and hide it in the fabric on the inside of the overalls

We also knit the second leg.

Sew up the hole between the legs.

Collar

We attach a thread to the corner of the first row and knit in turning rows. At the end of each row ch

1st row: 3 sc in each loop to the end of the row

2nd row: 1 dc, inc dc (to the end of the row in each loop)

3rd row: dc in each loop

4th row: sc in each loop

Cut the thread, fasten it, hide it
strings

Attach the thread under the collar

cast on a chain of 45 ch

make knots at the ends (if desired, you can fasten a bead or sew on a fur pompom)

We make ties on both sides

Second design option, buttons Attach the thread under the collar

We tie the neckline of the overalls with sc on one side, go to the other side: 4 sc, make a loop for the button, cast on 4 ch, skip 2 loops on the overalls and knit another 5 sc to the next loop

Make the second loop in the same way

Sew buttons with a diameter of 9 mm

if your buttons are larger/smaller in diameter, you will need to add another ch to the loops

Headband

We cast on a chain of ch (the number of loops cast on depends on the volume of your dog's head, cast on the loops and try them on your toy, both sides should touch)

Connect the two ends of the ss, and knit one circle with a sc. Leave the long end for sewing.
Bow

1st row: We collect a chain of 15 ch + 1 ch rise

We knit 6 more rows in turning rows, at the end of each, ch. We tie in a circle, all 4 sides of sc.

Leave a long piece of thread and thread it through the rows to the middle of the piece to decorate the bow.

Wrap the middle, fasten the thread and cut it off, sew the two parts of the headband between each other with the thread remaining from the headband. It is not necessary to sew along the entire length, the middle is enough.

A beautiful and simple accessory for a cat is ready, you can try it on.

Embroidery of pads on the upper legs

We embroider the pads on the upper legs at a distance between 1 and 3 rows up from the ring (4 pcs)

Distance between each 1 sc

The large one is located below, between rows 2 and 4

Embroidery of pads on the lower legs

Upper pads: (4 pcs) upper point between 3 and 4 from ring up, distance between each 1 sc
the lowest point under the ring, at a distance of 1 sc between the pads

middle: the top point between 4 and 5 next to the ring (the pad is 3 loops wide)

bottom point, between 7 and 8 rows (1 loop)

farthest on the heel: row 13 (tie 2 loops)

During the embroidery process, make adjustments, it is better to make bastings, then go through them several times to give volume to the pads, they should turn out with volume

Do not rush to take a large piece of thread for the foot at once, as it may still not be enough and you will need more.

Thank you for knitting according to my pattern, I am sure that you have beautiful kittens!
