Reading companion • Complete pattern follows

Choose a supported size

Bust groups: 32–38 / 40–46 / 48–54 inches. Side lengths: about 12 / 12¼ / 12½ inches; front-point length is different. The large lower circumference is the poncho edge, not the wearer's bust. Use the original diagram to compare coverage.

Supplies and gauge

Fine-weight It's a Wrap Rainbow; 4 mm hook. Shopping allowance: 1 / 2 / 2 balls of the specified 623-yard balls. Gauge: ten (dc, ch 1) repeats per 3¼ inches and eight rows per 3 inches. Match the fabric as well as the measurements when substituting yarn.

Construction path

Work from the neckline outward with four corner increases, then the finishing edge. The original final page contains the chart for rounds 1–10. The two photographs are finished views, not process steps.

Round 8 corner label

The instructions work ch-5 corner spaces, but the round-end total refers to ch-4. Retain the written ch-5 corners; Round 9 also works into ch-5 corners. The stated sc totals are 268 / 300 / 332. This clarifies a label inconsistency without changing the round's written stitches.

Finish and care

Measure the side and front point separately. Check all four corners and the neckline before finishing. Follow the actual yarn label for washing and blocking; the low shoulder styling in the photos is not proof of fit for every wearer.

Fire and Ice Poncho

Beautiful colors and a light year-round yarn weight are combined for a poncho you will love wearing. Only problem is, all the colors are so gorgeous it's hard to decide which color to crochet with first.

Directions are for size Small/Medium. Changes for sizes Large/X-Large and 2X/3X are in parentheses. Photo shows Small size.
