

Ketchup and Mustard Crochet Pet Toys

Reading companion - complete supplied pattern follows

Size, supplies and a missing item

Approximate length: 7 inches. Gauge: 16 sc and 16 rows per 4 inches. Bernat Maker bulky yarn, 4.5 mm starting hook. The allowance is about 69 yards in each color for one bottle of each. The materials box omits stuffing, but the finishing directions require it. Include stuffing in the supply list; catnip remains optional.

Construction and count checks

Make both colors with the same spiral pattern. Tip starts with 3 sc, then increases through 6, 12, 18, 24 and 30. Rounds 8, 10 and 12 use back loops only to define the shape. Continue the straight body until the portion measured from round 12 is 5 inches, not until the whole bottle is 5 inches. Closing rounds produce 24, 18, 12 and 6 stitches.

Finishing checks

Add filling before the last two decrease rounds. Secure the final opening and both yarn ends inside the work. The colors are two versions of one design, not two separate construction patterns. There are no added labels, eyes or buttons in the supplied design.

Pet use and care

The cat and dog photos are finished views, not suitability or chew tests. Keep play directly supervised, choose a finished size the pet cannot swallow and remove the toy when strands, seams or filling come loose. For a pet that shreds or eats soft toys, use a different toy type. Follow actual yarn and filling care labels; no assembled wash test was performed.
