

SpiderCat

A red-and-blue SpiderCat has black-outlined white felt eyes.

Version 1.0 | October 2, 2026 | Reading companion with every supplied pattern page. No physical crochet sample, wash test or child/pet-use test was completed. Proposed repairs are untested editorial interpretations, not designer-approved errata.

Starting specifications

Chunky chenille; 6 mm hook; white and black felt. About 30 cm. Crochet; bobbles and felt finishing. See the original supply list for component colors and amounts.

Construction and counts

The body/head grows from 10 to 60 in ten-stitch steps, stays 60 through the colored paw-bobble rounds and closes 50/40/30/20/10. Each bobble counts as one stitch; separate the color changes from the count. Ears are 6/9/9/12/12. The striped tail holds 18. Use the written red/blue color plan and align the face before sewing.

Eyes and finishing

Cut black crescent felt pieces about 7 x 3.5 cm and smaller white pieces about 6 x 2.5 cm according to the original diagrams. Secure the layers and check the edges and stitches. They are attached pieces, not proof of child-toy suitability. The listed size is about 30 cm, dependent on yarn and tension. Keep the superhero styling a cat-themed display craft; no official-character affiliation is claimed.

Measure, finish and check

Gauge and resizing

Where no gauge is supplied, make a six-round circle of 36 sc using the selected yarn/hook and record its diameter without stretching. Fabric should contain the intended filling without visible gaps. For a yarn/hook change, measure matching test circles: $\text{new diameter} / \text{original diameter} = \text{approximate scale factor}$. Multiply listed dimensions by that ratio only as an estimate; stuffed shapes and clothes need a physical fit check. Keep the stitch schedule unchanged until a prototype establishes a different size. No yarn requirement, finished dimension or garment fit is verified by this formula.

Terminology and making checks

US terms unless the supplied page explicitly says otherwise. MR: magic ring; ch: chain; sc: single crochet; inc: two sc in one stitch; dec: join two stitches as one; sl st: slip stitch; hdc: half double crochet; dc: double crochet; tr: treble; BLO/FLO: back/front loop only; FO: fasten off. A body bobble counts as one position. For a proposed five-dc bobble, work five unfinished dc in one base and close all loops together; confirm the intended size against the source. Mark round starts, check consumed and resulting positions, make paired parts together and pin before sewing. Do not work an unresolved count as if it had been verified.

Materials, filling and care

Use the item-specific yarn/hook list on the preceding page and complete original materials list below. Include stitch marker, tapestry needle, scissors and the source filling/attachment materials. Ball sizes and planning allowances are not measured consumption. Fill gradually without distorting seams. Inspect closures, sewn parts, embroidered ends and sitting balance. Follow every actual yarn, filling and accessory care label; assembled washability has not been tested. Spot-clean only when the materials allow it, dry fully and inspect afterward.

Intended use and troubleshooting

These are cat-themed amigurumi/display crafts for people, not pet chew toys or certified baby toys. Keep wire, felt, plastic parts, loose strands and unfinished tools away from pets. If the shape buckles or paired parts differ, recount and compare the same round before adding filling. If a row cannot consume the available stitches, pause and resolve that row; the reference photo does not prove a corrected schedule. Record changes on the editable text so later paired parts use the same interpretation.

Sew the tail starting from round 18

EMBROIDER THE NOSE

To embroider the nose, start at the side of the head, exit at point 1, then re-enter at point 2. Exit at point 3, re-enter at point 4. Exit from the entry stitch to tie a knot and hide the yarn.

EMBROIDER THE WHISKERS

Start at the side of the head, exit at point 1, enter at point 2, exit at point 3, and re-enter at point 4. Exit from the entry stitch to tie a knot and hide the yarn. Repeat on the other side.

EYES (MAKE 2)

FELT CLOTH BLACK

Cut out a black crescent shape, 7 cm in width and 3,5 cm in height

FELT CLOTH WHITE

Cut out a white crescent shape, 6 cm in width and 2,5 cm in height

Now, sew the white part inside the black part, centering it.

Now, proceed to sew the eyes symmetrically onto the body of the cat, as shown in the photo

Congratulation!

Your SpiderCat is done! Thank you for making her!

I hope that you enjoyed crocheting her as much as I loved designing her!
