

Starrytail Christmas Cat

A white Starrytail cat has a green tree-shaped tail with colored lights.

Version 1.0 | October 2, 2026 | Reading companion with every supplied pattern page. No physical crochet sample, wash test or child/pet-use test was completed. Proposed repairs are untested editorial interpretations, not designer-approved errata.

Starting specifications

Chunky chenille; 6 mm hook. Listed at 25 cm, about 9.8 inches. Crochet; bobbles and decorative details. See the original supply list for component colors and amounts.

Construction and counts

Body/head starts 10/20/30/40/50; keep 50 across the colored bobble-paw placements, then close 40/30/20/10. Each bobble is one body position. Ears: 6/9/9/12/15. Green tree-tail: 6/9/9/12/12/15/18/21/21. Arrange and sew the tail and colored light string as pictured; it is not a functional light set.

Units and stitch terminology

The printed 0.984-inch/25-cm conversion is inconsistent. Retain the nominal metric value 25 cm, about 9.84 inches; the measurement axis is unspecified and no sample was measured. BO is linked to a video without a written definition. A proposed five-dc bobble is five unfinished dc in one base stitch, then yarn over and pull through all six loops, counting as one stitch. Check its size on a sample. The light-string MBS uses two unfinished dc closed together. Its ch-160 base is worked into chains, even where the text says sc.

Measure, finish and check

Gauge and resizing

Where no gauge is supplied, make a six-round circle of 36 sc using the selected yarn/hook and record its diameter without stretching. Fabric should contain the intended filling without visible gaps. For a yarn/hook change, measure matching test circles: $\text{new diameter} / \text{original diameter} = \text{approximate scale factor}$. Multiply listed dimensions by that ratio only as an estimate; stuffed shapes and clothes need a physical fit check. Keep the stitch schedule unchanged until a prototype establishes a different size. No yarn requirement, finished dimension or garment fit is verified by this formula.

Terminology and making checks

US terms unless the supplied page explicitly says otherwise. MR: magic ring; ch: chain; sc: single crochet; inc: two sc in one stitch; dec: join two stitches as one; sl st: slip stitch; hdc: half double crochet; dc: double crochet; tr: treble; BLO/FLO: back/front loop only; FO: fasten off. A body bobble counts as one position. For a proposed five-dc bobble, work five unfinished dc in one base and close all loops together; confirm the intended size against the source. Mark round starts, check consumed and resulting positions, make paired parts together and pin before sewing. Do not work an unresolved count as if it had been verified.

Materials, filling and care

Use the item-specific yarn/hook list on the preceding page and complete original materials list below. Include stitch marker, tapestry needle, scissors and the source filling/attachment materials. Ball sizes and planning allowances are not measured consumption. Fill gradually without distorting seams. Inspect closures, sewn parts, embroidered ends and sitting balance. Follow every actual yarn, filling and accessory care label; assembled washability has not been tested. Spot-clean only when the materials allow it, dry fully and inspect afterward.

Intended use and troubleshooting

These are cat-themed amigurumi/display crafts for people, not pet chew toys or certified baby toys. Keep wire, felt, plastic parts, loose strands and unfinished tools away from pets. If the shape buckles or paired parts differ, recount and compare the same round before adding filling. If a row cannot consume the available stitches, pause and resolve that row; the reference photo does not prove a corrected schedule. Record changes on the editable text so later paired parts use the same interpretation.

Round 8: [5sc, inc] x3 (21)

Round 9-10: 21sc (21)

Close with a slip stitch and leaving a long tail for sewing

Stuff the tail and sew to the body. Sew the tail starting from round 15

STRING OF LIGHTS

GREEN YARN

Make Ch 160.

Then leave a long tail—about the length of the chain—so you can sew the light string onto the body.

Now we'll add the bulbs: make one bulb every 5 chains.

With red yarn, make MBS , Mini bobble stitch (MBS)

Work 2 double crochet stitches into the same stitch without completing them fully, then close them together, as follows:

In the same stitch:

work 1 dc and leave the last loop on the hook (do not finish the stitch completely);

work a second dc into the same stitch, again leaving the last loop on the hook;

yarn over and pull through all loops on the hook to form the mini bobble stitch.

Then sl st into the next sc to close—first bulb done.

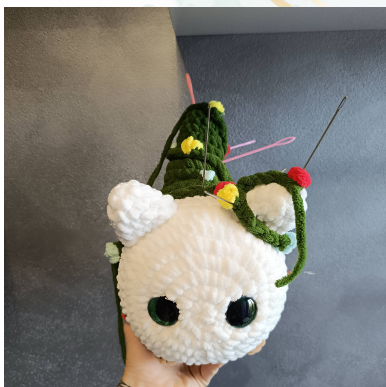

Make a knot and cut the yarn

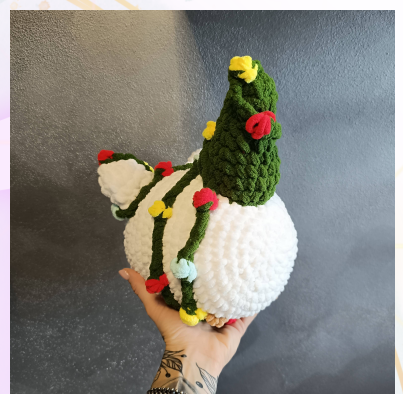

Change color, skip to the 5th ch, and repeat. Continue all the way down the chain, rotating through three colors in order (Red, Yellow, Blue), then repeat the sequence.

Sew to the body as shown in the photo.

Pin them in place first to test the positioning.

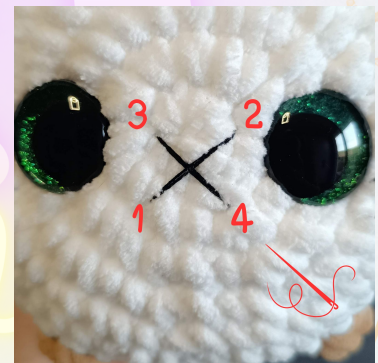

Once you're happy with how they look, go ahead and sew them on.

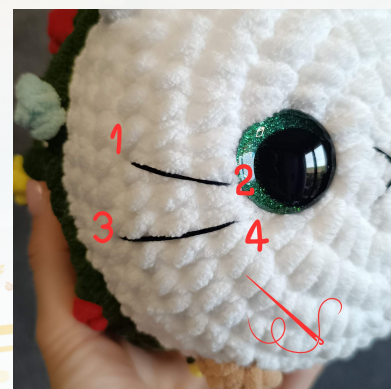

EMBROIDER THE NOSE

To embroider the nose, start at the side of the head, exit at point 1, then re-enter at point 2. Exit at point 3, re-enter at point 4. Exit from the entry stitch to tie a knot and hide the yarn.

EMBROIDER THE WHISKERS

Start at the side of the head, exit at point 1, enter at point 2, exit at point 3, and re-enter at point 4. Exit from the entry stitch to tie a knot and hide the yarn. Repeat on the other side.

Congratulation!

Your Starrytail is done! Thank you for making her!

I hope that you enjoyed crocheting her as much as I loved designing her!
