Tulip Bracelet

Edition and sample status

Version 1.0 | October 13, 2026. Prototype-ready draft. Added schedules, count clarifications and fitting methods have not been physically crocheted, worn or washed. Supplied reference images show the intended style; they are not evidence that the added construction has been tested. Complete relevant instruction and illustration pages follow the written guide. Sideways reference pages are rotated for reading; original page numbers remain visible. Charted routes and marked written alternatives must be sampled separately.

Reference size

No reliable numerical finished bracelet size supplied. Fit the band to the measured wrist and actual closure.

Materials and starting hook

2.0-2.5 mm reference hook; lightweight cotton in pink shades and green. Needle, marker and clasp; no verified gram or metre total. Also use a suitable sewing needle, scissors, tape measure and removable markers. Choose the actual fastener before sizing. Listed amounts and reference diameters are planning information, not a guaranteed supply requirement or tested result for this edition. Record thread or yarn used in a trial before planning repeated gifts.

Gauge, measurement and resizing

Measure wrist circumference where the bracelet will sit. Measure fastened bracelet circumference along its centre line, including only the hardware span used when closed; measure raised flower diameter and height separately. Record stitches and rows over 10 cm on a cared-for sc swatch for bands, and motif width/centre pitch for lace or fine-thread designs. No new numerical tested gauge is established here. Use the complete construction and relevant sizing formula below, then verify the final sample. Resizing floral bands changes their foundation and spacing, not every petal count at once.

US terms and counting

ch = chain; sc = single crochet; hdc = half double crochet; dc = double crochet; tr = treble crochet (yarn over twice); dtr = double treble crochet (yarn over three times); sl st = slip stitch; MR = magic ring; st = stitch. Work each named stitch in the next available base stitch unless the directions explicitly say same stitch/space. Tall stitch: draw a loop through the base, then yarn over and draw through two loops repeatedly until one remains. The added turning ch 1 and joining slip stitches do not count as foundation stitches. Colour changes occur between specified components, not mid-row unless stated.

Reference count review

Reference pages disagree about the tulip petal count and how the petal rows attach. The guide provides a complete three-petal cupped alternative and keeps the illustrated pages for comparison.

Proposed three-petal cupped tulips

The reference alternates between 3 and 5 petals and gives ambiguous row attachment. This draft makes 3 separate oval petals per tulip; it is an original alternative, not verified errata or a translated reference schedule.

Make 5 tulips, alternating light and darker pink as desired. For each tulip, make one centre: MR, 6 sc, join and fasten with a sewing tail (6 base stitches). No stuffing is used.

Each petal: ch 8. From the second chain, sc, hdc, 3 dc, hdc, sc across the 7 usable chains (7 stitches). Ch 1 at the tip and rotate without turning the work over; into the unused underside loops work sc, hdc, 3 dc, hdc, sc (7). Ch 1 and join to the first sc; fasten with a sewing tail. Each petal has 14 crochet stitches and 2 turning chains. Make 3 petals per tulip, 15 petals for 5 flowers.

Cup the three petals around the centre and divide the centre's 6 stitches into three consecutive pairs. Sew one petal base across each pair, then secure neighbouring lower sides for about the lower third of the petal height. Leave the upper tips free. The petals should overlap lightly, not collapse into a tight ball. Recheck one complete tulip before making the rest.

Make 10 medium leaves, two for each tulip, and make the measured green support band. Plan one tulip at the centre, with two on each side. Arrange each pair of leaves beneath its tulip with tips pointing away from the cup. Sew the leaves first and attach the flower centre and lower petal bases to several band stitches. Close the clasp and check the raised flowers on the curved band before securing all tails. Purple/white reference examples are colour variations; the same trial fitting is required.

Measured single crochet support band (proposed)

Choose a target fastened circumference C = measured wrist W + your chosen ease E, all in centimetres. Measure the span K occupied by the clasp and closed jump rings in the actual fastening position. Target crochet length L = C - K; L must be positive. The unused tail of an extension chain is not part of K.

Make a relaxed sc swatch at least 10 cm square and count g stitches and r rows in the middle 10 cm after suitable care. First trial foundation N = round(L x g / 10) + 1 chains. Work row 1: sc in the second chain and each remaining chain, giving N - 1 sc. Row 2: ch 1, turn; sc in every stitch, giving N - 1 sc. Repeat row 2 until the band is about 1-1.5 cm wide, or until your recorded trial width. Turning ch 1 never counts as a stitch.

Rest or block as appropriate, measure the band and compare with L before attaching motifs. If it misses the target, change N by approximately round((L - measured length) x g / 10), keeping at least 2 chains. Rework the band rather than stretching it to force the fit. Record the successful N and row count. Keep both ends free of flowers for fastening.

Proposed fastening: sew a small closed jump ring through several stitches at one end with doubled matching thread, at least four passes across two neighbouring stitches. Secure the sewing tail through the band. Attach the clasp to that ring using its specified ring. Repeat for a closed ring at the other end; an extension chain may attach there. Twist rings sideways with suitable pliers, close their ends flush and check for snags. Sewn ring attachment and finished fit need sample testing. Never rely on an open crochet loop alone to carry a heavy metal fitting.

Counted oval leaf (proposed)

Use green. Medium leaf: ch 8. Starting in the second chain, work sc, hdc, dc in each of the next 3 chains, hdc, sc in the last chain: 7 stitches across all 7 usable chains. Ch 1 at the tip; rotate the work without turning it over. Work into the unused underside loops of those same 7 chains, beginning at the far end: sc, hdc, 3 dc, hdc, sc (7). Ch 1 at the base; sl st into the first sc. Fasten with a sewing tail. The perimeter has 14 crochet stitches plus 2 turning chains; the joining sl st does not add a perimeter stitch.

Small leaf: ch 6 and use sc, hdc, dc, hdc, sc on each side (5 per side, 10 total plus 2 turning chains). Large leaf: ch 10 and use sc, hdc, 5 dc, hdc, sc on each side (9 per side, 18 total plus 2 turning chains). Pinch the base gently and secure it while sewing. These three counted sizes are new sampling options, not verified replacements for every reference leaf diagram.

Placement, sewing and finishing

Position the decoration on the outward side of the band. Use removable pins only while the piece is off the wrist, then sew through motif bases and several band stitches with matching yarn. Make at least three separated anchor points for each raised flower, leaving petal tips free. Sew leaves through their central foundation and base. Do not let sewing tails or knots collect on the skin side. Secure every tail through neighbouring stitches in more than one direction; trim only after attachment checks.

Curve the completed bracelet around its wearer, open and close the fastening several times, and check that the ends stay clear of flowers. If motifs bunch, reduce overlap, move their bases or make smaller trial motifs. If a raised flower rocks or twists, add another base anchor instead of gluing it to conceal the movement. Remove every pin and check all joins for exposed ends and snags. No attachment-strength or wear test has been completed for these proposals.

Placement diagram: schematic, not to scale

Attach motif bases; keep the two fastening ends clear.

Care and use

Follow the actual yarn, thread, stiffener and fitting labels. Try cleaning on a spare motif first. If appropriate, reshape gently and dry flat without lengthwise stretching. Metal fittings, stiffened petals and crystals may need separate care; no universal machine-wash claim is made. Remove the bracelet before work or activities that could snag it. These are human-worn jewellery designs, not pet collars, leads or pet toys. Store small fittings, loose thread and needles out of pets' reach.

Troubleshooting and sample record

If petals curl unexpectedly, check counts and hook/tension on one new motif before changing the whole bracelet. If a band is too long, rework its foundation; if lace length is wrong, change complete centre-space repeats. If flowers crowd on a curved band, change placement or sample smaller motifs. Check closures after blocking. Record yarn/thread, hook, swatch gauge, motif width/height, successful foundation/repeats, closed circumference, fastener span, consumption, care result and every change. Neither a correct arithmetic count nor a photograph substitutes for a physical sample.

Welcome to the Crochet Flower Bracelets

PATTERN COLLECTION ♥

Five Flowers. Endless Happiness.

IMPORTANT INFORMATION

Please read this page before starting the patterns.

Good Yarn Brighter Days ♥

♥ Skill Level

This collection is designed to be beginner friendly with detailed instructions and photos.

Easy – Intermediate

Basic crochet knowledge is helpful, but all stitches used are explained.

What You Will Learn

- How to crochet small flowers
- How to assemble flower bracelets
- Tips for neat and durable finishing
- Adjusting the size to fit your wrist
- Creative ways to customise your bracelets

Finished Size

Each bracelet is adjustable and fits most wrist sizes.

Standard Size

Approx. 16 – 19 cm
(6.5 – 7.5 inches)

Instructions for custom sizing are included on page 6.

Yarn Recommendations

For best results, use a smooth, lightweight cotton yarn.

- Cotton yarn (sport or DK weight)
- Mercerized cotton (for a slight shine)
- You can also use acrylic yarn, but cotton gives a neater and sturdier finish.

Use small amounts of yarn, making this a perfect stash-busting project! ♥

Tools & Materials

- Crochet hook (recommended 2.0 – 2.5 mm)
- Yarn (various colours, see colour guide)
- Yarn needle
- Small scissors
- Jump rings / clasps (optional)
- Stitch markers (optional)
- Measuring tape
- Tweezers (helpful for small assembly)
- A little bit of patience and love! ♥

Abbreviations Used

ch	chain
sl st	slip stitch
sc	single crochet
hdc	half double crochet
dc	double crochet
tr	treble crochet
inc	increase (2 stitches in one stitch)
dec	decrease (2 stitches together)
st(s)	stitch(es)
[...]	repeat instructions
(...)	total stitches at the end of round/row

Page 21

Tulip Bracelet

DESIGN & CONSTRUCTION OVERVIEW

A FRESH BLOOM FOR YOUR HANDMADE COLLECTION

Welcome to the Tulip Bracelet section!
The tulip bracelet is a delicate and charming design inspired by the beauty of spring tulips. With its elegant petals and fresh green leaves, this bracelet is perfect for everyday wear, gifting, or adding to your handmade collection. In this section, you'll find a complete guide to creating your own tulip bracelet, from materials to final assembly.

Design Overview

The tulip bracelet is made with crocheted tulip flowers and leaves attached to a simple bracelet band. Each tulip is created with easy stitches and assembled to give a realistic and elegant look.
The design is adjustable and can be customized with different colours to match your style.

Key Features

- Delicate and elegant tulip design
- Easy to follow step-by-step instructions
- Perfect for beginners and intermediate crocheters
- Lightweight and comfortable to wear
- Customizable colours and size
- Great for gifts and handmade sales
- A beautiful addition to your crochet collection

Finished Bracelet (Different Angle)

Colour Inspiration

Choose your favourite colours or try different combinations to create a unique look!

Style Variations

Construction Steps (Overview)

Get Ready!

In the next pages, you'll find:

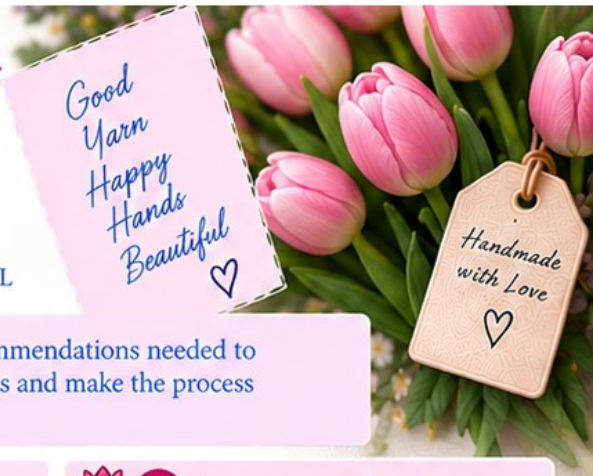

- Materials and yarn recommendations
- Detailed flower and leaf instructions
- Assembly guide with clear photos
- Closure and finishing tips
- Complete pattern with stitch counts

Let's create something beautiful together!

Tulip Bracelet

MATERIALS, YARN & HOOK SETUP

GET READY TO CREATE SOMETHING BEAUTIFUL

In this section, you'll find all the materials, yarn details, colour guide, and hook recommendations needed to make the tulip bracelet. Using the right materials will help you achieve the best results and make the process easy and enjoyable.

1 Materials Checklist

- [ ] Cotton yarn (in your chosen colours)
- [ ] Crochet hook (recommended size below)
- [ ] Stitch marker (optional)
- [ ] Tapestry needle (for sewing)
- [ ] Scissors
- [ ] Jump ring and lobster clasp
- [ ] Extension chain (optional)
- [ ] Measuring tape (optional)

2 Recommended Yarn

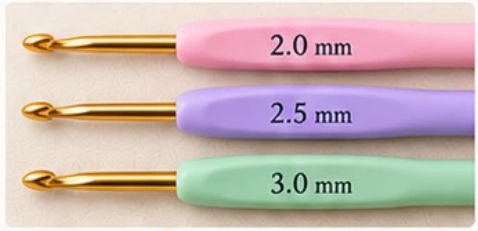

Use 100% cotton yarn (or any similar lightweight yarn) for the best results. Cotton yarn gives a neat look, holds the shape well, and is comfortable to wear.

Soft ♥ Strong ♥ Perfect for Flowers

3 Recommended Hook Size

Use a small hook to create tight, well-shaped stitches for the flowers and leaves.

Recommended size: 2.0 mm – 2.5 mm

(Use the size that works best with your yarn. A smaller hook gives neater and firmer stitches.)

4 Colour Guide (Sample Palette)

You can use these suggested colours or any colours you like. Feel free to get creative and choose shades that match your style!

5 Additional Supplies

Tip: Using good quality materials makes your bracelet look neat and last longer. Small details like a nice clasp can make a big difference!

6 Finished Bracelet (Preview)

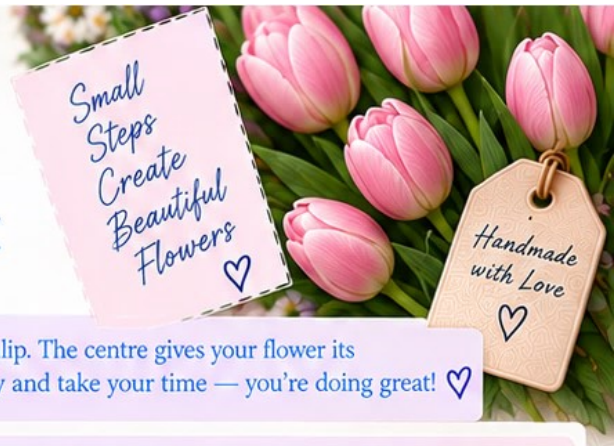

This is the bracelet you'll be making!

In the next section, we'll start with the step-by-step instructions for the tulip flowers.

Tulip Bracelet

FLOWER CENTRE & FIRST PETAL

STEP-BY-STEP INSTRUCTIONS

In this section, you'll learn how to crochet the flower centre and the first petal of your tulip. The centre gives your flower its shape and the first petal starts to form the beautiful tulip bloom. Follow each step carefully and take your time — you're doing great!

1 Flower Centre (French Knot / Small Bobble)

The flower centre is made using a French knot (or a small bobble stitch). This gives a neat, rounded centre to your tulip.

1 Start with a Magic Ring

Make a magic ring with your pink yarn. (ch 1 does not count as a stitch).

Work 6 sc into the ring.
(6 sts)

2 Slip Stitch to Close

Pull the yarn tight and slip stitch into the first sc to close the round.

(6 sts)

3 Make a French Knot

For the centre, make a French knot:

- Yarn over twice.
- Insert hook near the centre.
- Pull the yarn through and tighten.

(1 knot)

4 Secure the Knot

Use a small stitch (sl st) to secure the knot. Fasten off, leaving a small tail for sewing.

5 Finished Centre

Your flower centre is ready! Keep the tail for attaching to the petal later.

What it looks like:

Tip:
If you don't know French knots, you can also use a small bobble (3 dc in same stitch, close together).

2 First Petal (Tulip Petal)

Now we'll crochet the first petal. The tulip petal is worked around the flower centre and creates a lovely, curved shape.

1 Attach Yarn

Attach your petal colour (your chosen tulip colour) with a sl st in the back loop of the flower centre.

Ch 1 (does not count).

2 Make First Petal (Row 1)

Work 3 dc in the same stitch (where you attached).
Ch 1, then sl st in the same stitch.
(This creates the base of the petal.)

3 Shape the Petal (Row 2)

Ch 2, turn.
Work 2 dc, 1 hdc, 1 sc, 1 sl st in the next stitch.
Sl st to the base of the petal.

4 Finish the Petal

Fasten off, leaving a small tail.
Weave in the end neatly.

5 First Petal Complete

Your first petal is ready! It should look like a little teardrop shape.

6 Next Petal

Attach yarn in the next stitch of the centre and repeat the same steps (2–4) for the next petal.

Continue around the flower centre.

7 Petal Spacing

Keep your petals close together for a full look. Use the same method for all petals.

8 First Row Complete

You'll have 5 petals (if following the design) in the first row.

This creates the base for your tulip flower.

Petal Shape Guide

Front View

Side View

Back View

Tips for Perfect Petals

- Keep your tension even.
- Use the same number of stitches for each petal.
- Make your petals slightly curved, not flat.
- If your petals look loose, use a smaller hook.
- If they look too tight, use a larger hook.
- Take your time – neat petals make a beautiful tulip!

Tulip Bracelet

REMAINING PETALS & COMPLETE FLOWER

STEP-BY-STEP INSTRUCTIONS

In this section, you'll learn how to make the remaining petals, join them to the flower centre, and complete your tulip flower. Each tulip is made with 3 petals, but you can also make 4 or 5 petals for a fuller look. Follow the steps carefully and soon you'll have a beautiful tulip ready to attach to your bracelet!

1 Make the Second Petal

Join pink yarn in any next stitch of the centre.

Make 3 dc, then 2 dc, 2 hdc, 1 sc, 1 sl st (same as first petal).

You now have the second petal. Fasten off.

2 Make the Third Petal

Join pink yarn in the next stitch of the centre.

Repeat the same stitches: 3 dc, 2 dc, 2 hdc, 1 sc, 1 sl st.

You now have 3 petals completed!

3 Flower with 3 Petals (Standard)

A tulip with 3 petals gives a classic and natural look. This is perfect for your bracelet.

4 Optional: 4 or 5 Petals

4 Petals (Fuller Look)

5 Petals (Extra Full)

You can add 1 or 2 more petals by repeating the same petal pattern in the next stitch(es) of the centre. This gives a fuller and more open flower.

5 Back View

This is what the back of the flower looks like. Keep your stitches neat and secure.

6 Finished Tulip Flower

Your tulip flower is complete! Repeat to make more flowers in your chosen colours.

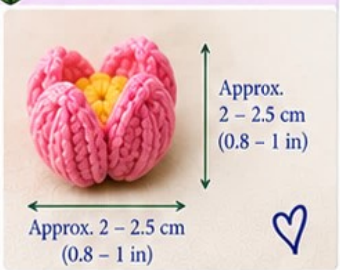

Tips & Variations

- Keep your tension even for neat petals.
- Use a smaller hook if petals look too loose.
- Try different colours for a unique look.
- You can make closed tulips (3 petals) or more open tulips (4–5 petals).
- Add leaves to the base for a realistic finish.
- Practice a few flowers before making the bracelet.

Practice Create Improve

Flower Size Guide

The size may vary depending on your yarn, hook size, and tension.

Next Step...

Small Stitches Brighten Everyday

Now that your tulip flowers are ready, in the next section we'll learn how to make the leaves and then assemble your complete tulip bracelet!

Tulip Bracelet

LEAVES & GREENERY

DETAILED STITCH INSTRUCTIONS

In this section, you'll learn how to make the leaves for your tulip bracelet. The leaves add a natural, realistic look and beautifully frame the tulip flowers. The pattern includes a simple leaf (standard size) and a smaller leaf (optional) for variety. Follow the steps carefully and soon you'll have lovely leaves to complete your bracelet!

1 Materials & Colours

Green yarn (in your chosen shade)

Crochet hook (recommended size)

Scissors

♥ You can use light or dark green depending on your style.

2 Abbreviations *(Used in this section)*

ch	= chain
sl st	= slip stitch
sc	= single crochet
hdc	= half double crochet
dc	= double crochet
tr	= treble crochet

♥ Don't worry if you're new to these stitches — just follow the steps, and you'll be fine!

3 Leaf Size Guide

Standard Leaf (approx. 4 – 4.5 cm) (1.5 – 1.8 in)

Small Leaf (approx. 3 – 3.5 cm) (1.2 – 1.4 in)

You can make leaves in different sizes to create a more natural and beautiful look.

A mix of big and small leaves gives the best result!

4 Standard Leaf – Step by Step

1. Make 8 ch.

2. In the 2nd ch from the hook, make 1 sc.

3. Continue with: 1 hdc, 2 dc, 2 hdc, 1 sc in the last ch.

4. Now work on the other side of the chain: 1 sc, 2 hdc, 2 dc, 1 hdc.

5. Make 1 sl st at the top, then 1 ch and fasten off. Weave in the end.

5 Small Leaf (Optional)

Follow the same steps as the standard leaf, but start with 6 ch instead of 8 ch.

♥ Small leaves are perfect for filling spaces between flowers.

6 Shaping the Leaf

A little shaping goes a long way!

Gently pinch the base of the leaf and slightly curve it with your fingers to give it a natural shape. You can also lightly steam block it if needed.

7 Finished Leaves (Different Angles)

Front View

Side View

Back View

♥ *Tip:* Make a few leaves in different sizes and shades of green for a more natural and realistic look!

8 Ready to Use!

Leaves Complete the Beauty

Your leaves are ready!
In the next section, we'll learn how to assemble the tulip flowers and leaves into a beautiful bracelet.

Page 26

Tulip Bracelet

FLOWER & LEAF ASSEMBLY + BRACELET ARRANGEMENT

STEP-BY-STEP INSTRUCTIONS

In this section, you'll learn how to assemble the tulip flowers and leaves and arrange them on the bracelet base. We'll show you step by step how to attach the flowers and leaves securely, create a balanced look, and make your tulip bracelet beautiful and long-lasting. Take your time and enjoy the process!

1 Prepare All Your Pieces

- Make the required number of tulip flowers (e.g. 5 flowers).
- Make leaves (e.g. 8–10 leaves, depending on your design).
- Prepare your bracelet base (crocheted band or chain).
- Keep your yarn needle and matching yarn ready.

Everything ready? Let's start assembling!

2 Arrange Your Design

- Place the flowers and leaves on the bracelet base before sewing.
- Try different arrangements until you find a look you love.
- A balanced design usually has a larger flower in the centre with smaller flowers on the sides.
- Leaves can be placed between flowers and also at the ends.

Take a photo before attaching, so you can follow the same arrangement!

3 Attach the First Flower

1. Place the first flower in the centre (or at your chosen position).
2. Use a yarn needle and matching yarn to sew the flower to the bracelet base.
3. Insert the needle through the base, into the bottom of the flower, and back through the base.
4. Make a few secure stitches.
5. Tie a small knot and hide the yarn end.

Make sure the flower is firmly attached and doesn't move.

4 Add Leaves

1. Place a leaf next to the flower.
2. Sew it in the same way, using a yarn needle and matching yarn.
3. Make a few stitches to secure it.
4. Repeat on the other side.

Leaves help fill the gaps and give a natural, full look.

5 Continue Adding Flowers & Leaves

1. Add the next flower and secure it with stitches.
2. Place leaves between the flowers.
3. Continue until you have attached all flowers and leaves.
4. Keep checking from the front and back to make sure everything is neat and secure.

Try to keep even spacing between the flowers.

6 Check the Back

This is what the back of your bracelet should look like. Make sure all stitches are secure and the flowers and leaves are firmly attached.

Neat work makes your bracelet stronger and last longer!

7 Finished Arrangement

Your tulip bracelet is now assembled! In the next section, we'll learn how to add the clasp, finish the bracelet, and make any final adjustments.

Design Ideas

- ✓ Use 3 flowers for a simple look.
- ✓ Use 5 flowers for a fuller, more elegant style.
- ✓ Mix light and dark pink for a natural effect.
- ✓ Add extra leaves for a lush, garden-inspired look.

Tips for Assembly

- Use the same yarn to sew for a neat finish.
- Don't pull the yarn too tight (it can distort the flowers).
- Keep checking the front and back.
- Take your time — it's worth it!
- You can make each bracelet unique with different flower counts and colours.

TULIP BRACELET BLOOMS HERE

Tulip Bracelet

BRACELET BAND CONSTRUCTION & SIZING

STEP-BY-STEP INSTRUCTIONS

In this section, you'll learn how to make the bracelet band (the base), check the size, and prepare it for the flowers.
You can adjust the length to fit your wrist perfectly. The band is simple, quick to make, and works beautifully with the tulip flowers.

1 Materials & Tools

Green yarn (same as leaves)

Crochet hook (recommended size)

Clasp and jump ring (or your chosen closure)

Scissors

♥ You can use any clasp you like – lobster clasp, toggle clasp, or a simple tie.

2 Bracelet Band Stitch *(Used in this tutorial)*

We will use single crochet (sc) for a neat, strong and flexible band.

Steps:

1. Make a starting chain (see length guide below).
2. Work 1 sc in each chain across.
3. Turn (optional) and work another row of sc for extra strength (recommended).
4. Fasten off and weave in the ends.

♥ You now have your bracelet band!

3 Step-by-Step: Making the Band

Make a chain (see length guide below).

Work 1 sc in each chain across.

(Optional) Turn and work another row of sc.

Fasten off and weave in the ends.

4 Bracelet Size Guide

Size	Wrist Measurement (cm)	Starting Chain (approx.)	Band Length (after stitching)
Child (S)	12 – 13 cm	28 – 30 ch	11 – 12 cm
Teen (M)	14 – 15 cm	32 – 34 ch	13 – 14 cm
Adult (L)	16 – 17 cm	36 – 38 ch	15 – 16 cm
Larger (XL)	18 – 19 cm	40 – 42 ch	17 – 18 cm

♥ These are approximate measurements. Your tension may change the size.
♥ If you want a looser fit, add 2–4 extra chains.
♥ You can always try the band around your wrist before fastening off.

5 Checking the Fit

Wrap the band around your wrist to check the fit. It should be snug but comfortable.

♥ Adjust the length if needed before fastening off.

6 Adding the Clasp

1. Attach a jump ring to one end of the band.
2. Add a clasp to the jump ring.
3. Secure it tightly with pliers (if needed).

♥ You can also use a toggle clasp or tie the ends for a simpler style.

7 Finished Bracelet Band

Simple Strong Beautiful

Your bracelet band is ready!
Now you can attach the tulip flowers and leaves.

8 Tips & Variations

♥ Use a tighter tension for a firmer band.
♥ Use a softer tension for a more flexible band.
♥ You can make the band wider by working 2 or more rows.
♥ Try different shades of green for a unique look.
♥ Add small beads to the band for extra charm.
♥ Make adjustable bands using a chain extension.
♥ Keep your stitches neat and even for the best result.

♥ A well-made band makes your bracelet comfortable and long-lasting!

9 Next Step...

Almost Your bracelet Your bracelet is coming to life!

Now that your bracelet band is ready, in the next section we'll learn how to attach the tulip flowers and leaves to complete your beautiful bracelet!

CROCHET ♥ CREATE ♥ WEAR ♥ GIFT ♥ ENJOY

TULIP BRACELET BLOOMS HERE

Tulip Bracelet

FINAL ASSEMBLY, CLOSURE & FINISHING

STEP-BY-STEP INSTRUCTIONS

In this final section, you'll learn how to attach the tulip flowers and leaves to the bracelet band, add the clasp, and finish your bracelet for a neat and professional look. Follow the steps carefully and soon you'll have a beautiful tulip bracelet ready to wear or gift!

1 Position Your Flowers and Leaves

Arrange your flowers and leaves on the bracelet band before sewing. Try different positions until you find a look you love.

- ***Tip:*** A balanced design usually has a larger flower in the centre and smaller flowers on the sides.

2 Sew the Flowers to the Band

Use a yarn needle and matching yarn to sew each flower firmly to the bracelet band. Insert the needle through the base of the flower and the band, and make a few secure stitches.

- Make sure the flower is tightly attached and doesn't move.

3 Attach the Leaves

Sew the leaves next to the flowers, using the same method. You can place the leaves at different angles for a more natural and realistic look.

- Leaves can be tucked slightly under the flowers for a fuller and more beautiful arrangement.

4 Add the Clasp

1. Attach a jump ring to one end of the bracelet band.
2. Add the clasp (lobster clasp, toggle clasp, or your preferred closure).
3. Make sure it is secure and tightly closed.

- You can also add a small chain extension if you want an adjustable size.

5 Check and Adjust

- Check that all flowers and leaves are firmly attached.
- Make sure the band is the right size for your wrist.
- Adjust the position of the flowers and leaves if needed.
- Cut and weave in any loose ends.
- Ensure the clasp is secure and easy to use.

- A little adjustment can make a big difference in the final look!

6 Finished Tulip Bracelet

Your tulip bracelet is complete!
Wear it with love or gift it to someone special.
You can also make more bracelets in different colours and flower arrangements!

Tips for a Perfect Finish

- Use the same yarn to sew for a neat look.
- Keep your stitches small and secure.
- Weave in all loose ends.
- Try different flower counts and colours.
- Use a chain extension for adjustable size.
- Make a matching set (bracelet, earrings, or keychain)!

Care Instructions

- Handle with care.
- If needed, gently spot clean with a damp cloth.
- Do not pull the flowers.
- Store in a dry place.
- Keep away from sharp objects.

- Your handmade bracelet will stay beautiful for a long time!

You Did It!

A Little Tulip
A Lot of Happiness

Thank you for following this pattern!
I hope you enjoyed making your tulip bracelet.
Keep creating, keep stitching,
and keep spreading handmade happiness!

Final Collection

FINISHING, JOINING, CLASPS & PROFESSIONAL TIPS

FOR ALL 5 BRACELETS

This final section will help you give your bracelets a clean, professional finish. Here you'll learn how to join all the elements, add clasps, hide yarn ends, and keep your bracelets looking beautiful for a long time. These tips can be used for all 5 bracelet designs in this collection.

1 Weave in All Ends

1. Use a yarn needle.
2. Weave the yarn ends through the back of the stitches.
3. Pull gently and trim the excess yarn.
4. Make sure the ends are well hidden so they don't show.

Neatly woven ends give your bracelet a clean and professional look.

2 Joining Elements

1. Use matching yarn to sew the roses and leaves to the band.
2. Go through the base of the flower/leaf and the band.
3. Make a few strong stitches to secure.
4. Keep the spacing even for a balanced look.

Strong and neat joins keep your bracelet beautiful and durable.

3 Adding Clasps

1. Attach the clasp using jump rings.
2. Secure the rings tightly with pliers (if needed).
3. Make sure the clasp opens and closes easily.

A good clasp makes your bracelet easy and comfortable to wear.

4 Extension Chain (Optional)

1. Add an extension chain for adjustable size.
2. Attach it with a jump ring.
3. This allows the bracelet to fit different wrist sizes.

An extension chain gives flexibility and makes your bracelet a great gift option.

5 Finishing Touches

1. Check all stitches and joins.
2. Make sure roses and leaves are firmly attached.
3. Trim any extra yarn.
4. Gently shape the flowers and leaves with your fingers.
5. Add small beads (optional) for an elegant look.

Small details make a big difference!

6 Caring for Your Bracelet

- Hand wash gently in cold water.
- Pat dry with a towel and lay flat to dry.
- Do not iron.
- Store in a dry place, away from direct sunlight.
- Handle with care to keep its shape.

With proper care, your bracelet will stay beautiful for a long time.

7 General Tips for All Designs

- Use high-quality cotton yarn for best results.
- Keep your tension consistent.
- Try different color combinations.
- You can make the bracelets smaller or larger by adjusting the band length.
- Experiment with beads or charms.
- Take your time and enjoy the process!
- Each bracelet is unique — make it your own!

Crochet is not just a craft, it's a way to create happiness, one stitch at a time.

Troubleshooting

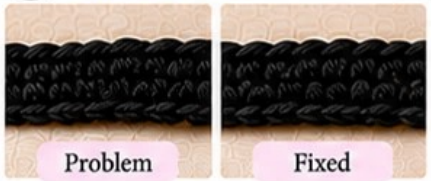

COMMON CROCHET MISTAKES & HOW TO FIX THEM

SMALL FIXES MAKE A BIG DIFFERENCE

Everyone makes mistakes — it's a natural part of the learning process! In this section, you'll find the most common issues that can happen while making the 5 floral bracelets in this collection, along with clear and simple solutions to help you fix them quickly.

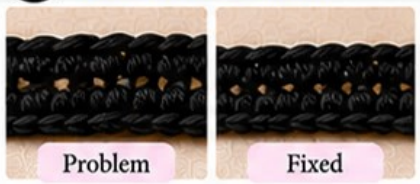

1 Uneven Stitches

- Your stitches look different sizes or uneven.
- Try to keep the same tension throughout.
- Practice a few rows to get comfortable.

Take your time and relax. Even tension comes with practice!

2 Holes Between Stitches

- You can see gaps or holes between stitches.
- Use the correct hook size.
- Keep your tension slightly tighter.
- Make sure you are inserting the hook in the right stitch.

A smaller hook can help if your stitches are too loose.

3 Curling Edges

- Your pieces curl or don't lie flat.
- Check if you are using the recommended stitch and hook size.
- Try blocking your pieces (light steam or wet blocking) to help them lie flat.

Blocking makes a big difference!

4 Roses Not Laying Flat

- Your rose looks tight, twisted, or doesn't lay flat.
- Adjust the number of chains in the centre.
- Try looser tension for the first round.
- Shape the petals with your fingers and use a little steam if needed.

Gently shape each petal — it will look much better!

5 Leaves Not Holding Shape

- Your leaves look flat or floppy.
- Use the recommended stitch counts.
- Make sure to work into the correct stitches (especially the back loops).
- You can lightly starch the leaves or steam them to help them hold their shape.

A little blocking gives your leaves a natural and beautiful look!

6 Bracelet Band Too Tight/Loose

- Your band doesn't fit comfortably.
- Use the size guide (page 40) to adjust the length.
- Add or remove chains/rows as needed.
- Remember that the band should be firm but flexible.

Always check your fit before attaching the roses and leaves!

7 Clasp Not Secure

- The clasp feels loose or comes off easily.
- Use strong stitches and pull the yarn tight.
- If needed, add a small jump ring.
- Make sure all ends are well secured.

A securely attached clasp keeps your bracelet safe to wear.

8 Yarn Ends Showing

- You can see yarn ends on the wrong side.
- Use a yarn needle to weave in all ends carefully.
- Hide the ends inside the stitches.
- Trim any extra yarn.

Well hidden ends give a clean and professional finish!

9 Flowers or Leaves Falling Off

- The flowers or leaves feel loose or fall off.
- Use a few extra strong stitches when attaching.
- Make sure you are sewing through the base and the band.
- Check all elements before finishing.

A few extra stitches keep everything in place!

10 Not Happy with the Look?

- Sometimes it just doesn't look right.
- Try different arrangements.
- Adjust the placement of roses and leaves.
- Experiment with beads or a different clasp.
- Remember — handmade items are unique and don't have to be perfect to be beautiful!

Be proud of what you create!
Each piece is special and one of a kind.

Final Gallery

ALL 5 FLORAL CROCHET BRACELETS

A COLLECTION OF BEAUTY, CREATIVITY & JOY

Here are all 5 floral crochet bracelets from this collection! Each design has its own unique charm, but together they create a beautiful set. Mix, match, make your favorites, or complete the whole collection!

1 Black Rose Bracelet

BEFORE YOU FINISH & SELL YOUR BRACELETS

CHECK ♥ CONFIRM ♥ BE PROUD

Use this checklist to make sure your pattern is complete and your bracelets are ready! Whether you're making these for yourself, as a gift, or to sell, this final check will help you feel confident and proud of your beautiful work!

1 Pattern Contents

- [ ] All materials and tools are listed
- [ ] Stitch abbreviations are included
- [ ] Clear step-by-step instructions for each bracelet are provided
- [ ] Detailed photos and diagrams are added
- [ ] Measurements and sizing information are included
- [ ] Finishing, clasp options, and care instructions are covered
- [ ] Troubleshooting guide is included
- [ ] Final gallery and overview are added

♥ A complete pattern helps others create with confidence!

2 Bracelet Designs

- [ ] Black Rose Bracelet instructions are complete
- [ ] Pink Rose Bracelet instructions are complete
- [ ] Red Rose Bracelet instructions are complete
- [ ] White Rose Bracelet instructions are complete
- [ ] Purple Rose Bracelet instructions are complete
- [ ] All photos, stitch counts, and tips are checked
- [ ] Designs look consistent and professional

♥ Five unique designs, one beautiful collection!

3 Before You Share or Sell

- [ ] Check for any unclear instructions and revise if needed
- [ ] Make sure all photos are high quality
- [ ] Ensure page numbers are correct
- [ ] Review spelling, grammar, and measurements
- [ ] Test one bracelet from start to finish
- [ ] Make sure the file is well-organized and easy to follow
- [ ] Consider adding a cover page and thank you note
- [ ] Save as a high-quality PDF

♥ A little extra care makes a big difference!

4 ♡ You Did It!

- [ ] You learned new skills
- [ ] You created 5 beautiful bracelets
- [ ] You made something with your own hands
- [ ] You're ready to wear, gift, or sell your work
- [ ] You should be proud of yourself!
- [ ] Keep creating, keep learning, and keep spreading happiness!

Care, Washing, Storage & Long-Term Maintenance

KEEP YOUR CROCHET BRACELETS BEAUTIFUL FOR YEARS

A LITTLE CARE GOES A LONG WAY

Your crochet bracelets are handmade with love, and with proper care, they can stay beautiful for a long time.
Follow these simple tips to keep them clean, fresh, and in great condition, whether you wear them, gift them, or store them.

1 Hand Washing (Recommended)

- Use cold or lukewarm water.
- Add a small amount of mild detergent.
- Gently swirl the bracelet in the water.
- Do not wring or twist.
- Rinse with clean water.
- Pat dry with a soft towel.
- Lay flat to dry in a shaded area.

2 What to Avoid

- Do not use bleach or harsh chemicals.
- Do not machine wash.
- Do not wring, twist, or scrub.
- Do not iron.
- Avoid direct sunlight for long periods (it can fade the colors).
- Keep away from rough surfaces that may cause pulling or fraying.
- Do not use hot water.

3 Drying Tips

- Pat gently with a towel to remove extra water.
- Lay flat on a clean, dry towel.
- Let it air dry naturally.
- Keep in a shaded, well-ventilated area.
- Make sure it is completely dry before wearing or storing.
- Do not use a hair dryer or heater.

4 Storage Tips

- Store in a clean, dry place.
- Keep away from direct sunlight.
- Use a jewelry box, fabric pouch, or small zip bag.
- Store each bracelet separately to avoid tangling.
- You can add a small silica gel packet to keep moisture away.

5 Long-Term Maintenance

- Check for loose ends occasionally and trim them carefully.
- If a stitch becomes loose, secure it with a small stitch.
- Keep the clasp and chain clean.
- Refresh the shape of the flowers and leaves with your fingers.
- If needed, lightly steam (from a distance) to help the shape stay neat.
- With proper care, your bracelet will stay beautiful for years!

6 Travel Tips

- Use a soft pouch or small box.
- Keep away from heavy items.
- Avoid wet or humid conditions.
- Check your bracelet after travel to make sure it's in good shape.

7 A Few Extra Tips

- Handle your bracelet with clean hands.
- Keep it away from perfumes, lotions, and sprays.
- Store it properly when not in use.
- Take good care of it, especially if it's a gift.
- Remember — handmade items may be delicate, but they are also special and unique!

Well Cared For... Always Beautiful

8 Enjoy for a Long Time!

Handmade Happier People

With a little love and care, your crochet bracelets will continue to bring joy, beauty, and happiness for many years!

Tulip Bracelet

Complete Written Pattern

STEP-BY-STEP INSTRUCTIONS WITH EXACT STITCH COUNTS

A FRESH AND ELEGANT CROCHET TULIP BRACELET
BRING A TOUCH OF SPRING TO YOUR STYLE ♥

Handmade Happier People ♡

Finished Size

Adult: 15 – 18 cm (6 – 7 in) (adjustable)
Width: approx. 2.5 cm (1 in)
Tulip height: approx. 2.5 cm (1 in)

Yarn Colors (Example)

- A – Tulip Pink (main flower)
- B – Baby Pink (accent flower)
- C – Leaf Green (leaves & stems)
- D – Dark Green (details)
- E – Yellow (flower center)
- F – Gold (beads/clasp – optional)

Stitch Abbreviations (US Terms)

ch	chain
sl st	slip stitch
sc	single crochet
hdc	half double crochet
dc	double crochet
tr	treble crochet
inc	increase (2 sts in same stitch)
dec	decrease (2 sts together)
[]	repeat the instructions
()	total stitch count at the end of round/row

Materials

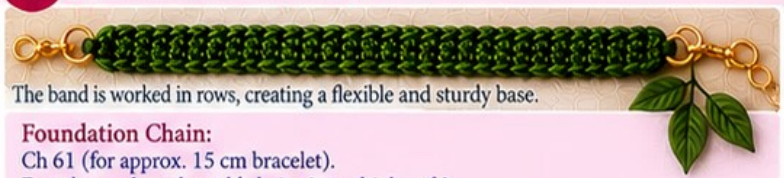

- Cotton yarn (category: sport / DK)
- Crochet hook: 2.5 mm (or size needed for your yarn)
- Scissors
- Yarn needle
- Stitch markers (optional)
- Clasp and extension chain (optional)
- Small beads (optional, 2–4 mm)

Notes:

- This pattern is written in US crochet terms.
- Read through all instructions before starting.
- Adjust the bracelet length by making more or fewer repeats.
- You can make the tulips in one color or mix two shades for a natural look.

1 Bracelet Band (Make 1)

The band is worked in rows, creating a flexible and sturdy base.

Foundation Chain:
Ch 61 (for approx. 15 cm bracelet).
For a longer bracelet, add chains in multiples of 2.

Row 1: Sc in 2nd ch from hook and in each ch across. Turn. (60)
Row 2: Ch 1, sc in each st across. Turn. (60)
Row 3: Ch 1, *sc, hdc* repeat across. Turn. (60)
Row 4: Ch 1, sc in each st across. Fasten off. (60)

Band Measurement

15 cm (60 stitches)

Width: approx. 1 cm (4 rows)

Tulip Flowers, Leaves & Assembly ♥

DETAILED INSTRUCTIONS WITH PHOTOS, DIAGRAMS & STITCH COUNTS

Small Stitches Big Happiness ♡

2 Tulip Flower (Make 3–5)

Using color A (tulip pink) and B (baby pink for variety).

Round 1: Ch 4, sl st to form a ring. (4)
Round 2: Ch 1, 8 sc in ring. (8)
Round 3: [sc, inc] x 4. (12)
Round 4: [sc, sc, inc] x 4. (16)
Round 5: [3 dc in next st, sl st in next st] x 4 (petals). (16)
Round 6: Ch 1, sc in each st around. (16)
Round 7: Add a small yellow center: 3 dc in same st, sl st. Fasten off, leaving a long tail for sewing.

3 Closed Tulip Bud (Make 2–3)

Using color A and C (green for base).

Round 1: Ch 4, sl st to form a ring. (4)
Round 2: 8 sc in ring. (8)
Round 3: [sc, inc] x 4. (12)
Round 4: [sc, sc, inc] x 4. (16)
Round 5: Sc in each st. (16)
Round 6: [sc, dec] x 4. (12)
Round 7: [sc, dec] x 4. (8)
Round 8: Change to green, sc in each st. (8)
Round 9: Ch 3, sl st in same st, *sl st, ch 3, sl st* around (forming small leaves). Fasten off.

4 Leaves (Make 6–8)

Using color C (leaf green) and D (dark green).
Ch 8.
Row 1: Sc in 2nd ch, hdc, dc, dc, hdc, sc, sl st. (6)
Row 2: Ch 1, turn, sl st, sc, hdc, dc, hdc, sc. (6)
Fasten off, leaving a long tail for sewing.

5 Stitch Diagrams

Open Tulip (Top View)

Leaf (Flat View)

Symbol Key

- o = chain (ch)
- • = slip stitch (sl st)
- × = single crochet (sc)
- † = half double crochet (hdc)
- ‡ = double crochet (dc)
- ‡ = treble crochet (tr)

6 Assembly

1. Position the tulips on the band and arrange the spacing.
2. Sew each flower and leaf securely with a yarn needle.
3. Mix open tulips and buds for a natural look.
4. Add small yellow beads to the flower centers (optional).
5. Attach clasp and extension chain (optional).
6. Weave in all ends.

Let Your Style Bloom ♡

Final Stitch Count Verification

- ☐ Band: 60 stitches (4 rows)
- ☐ Large tulip: 16 stitches (4 petals)
- ☐ Tulip bud: 8 stitches (closed)
- ☐ Leaf: 6 stitches per leaf
- ☐ Recommended: 3–5 tulips, 6–8 leaves

Adjust Size

- ☐ Smaller size: start with ch 51 (50 stitches)
- ☐ Medium size: start with ch 61 (60 stitches)
- ☐ Larger size: start with ch 71 (70 stitches)
- ☐ Always add or reduce in multiples of 10 chains (to keep the pattern even).
